\$200,000 Line Of Credit

Power Plant Maintenance Company

Diamond Business Credit is pleased to announce that it recently funded a \$200,000 line of credit to a company that provides highly specialized maintenance services to power plants across the United States.

This company has an existing credit relationship with a local bank but needed additional working capital to fund specific jobs. The bank had reached its internal limit but was happy to permit Diamond to fund smaller new jobs as the company rebounded from some unexpected delays and difficulties with a large ongoing project. The company is now positioned to continue taking on new work performing routine maintenance and updates to the nations vital infrastructure. Another win-win-win!

Career Opportunity

Our continued expansion has presented us with the need to bring on a full time field examiner. The ideal candidate will have some audit experience (though not absolutely necessary) and a college degree in accounting or finance. The position requires someone who enjoys some limited travel, can work well at various job sites with customer personnel, and likes being a detective of sorts. If you are a qualified candidate or know of someone who might be, please contact Dave in the Boston office.

The Diamond Advantage

- Local Decision Making
- Experienced Deal Makers
- No Red Tape
- "Easy In, Easy Out" Approach
- Transactions from \$100,000 to \$1.5 million

We are collateral lenders...

if you add enough collateral to a transaction,
we will say "YES" !
